

*What Next?*

Beckwith running for Lieutenant Governor of Mississippi; the CIA subverting our student unions and God knows what else; Miller and his anti-Semitic pronouncements in Wayne Township school election; the burying alive of civilians in caves; the Administration's hoodwinking of the American public . . . What has happened to our once lofty ideals and our sacrosanct example to the rest of the world's humanity? Can we still in truth call America a democracy?
